

North Shore Neurology & EMG, LLC

Locations:

83 Herrick Street, Suite 1001/3002, Beverly, MA 01915
21 Highland Ave, Suite 10, Newburyport, MA 01950
(978) 922-2226, Beverly Opt 1, Newburyport Opt 2

The COVID-19 pandemic has changed our lives and routines in unprecedented ways. For nearly three months, access to health care was limited to patients who needed emergency care or urgent care. Thanks to a significant and steady decline in the number of Massachusetts residents contracting COVID-19, the state continues to remove many of the restrictions on health care providers and **appointments are now available for a wide range of services, including Botox, Nerve Blocks, EMGs, EEGs and routine neurological care.**

We know you may have questions about what we are doing to ensure a safe environment at our practices. We want to assure you that we are fully prepared to safely welcome you back for the care you need.

Introducing North Shore Neurology & EMG Safe Care

In addition to our already stringent safety measures, we have designed new processes, standards and technologies to ensure your protection from COVID-19 at all North Shore Neurology & EMG locations. These standards meet or exceed guidelines issued by the Centers for Disease Control and Prevention and the Massachusetts Department of Public Health. Safe Care precautions include:

- Two-Point COVID-19 Symptom Check in Advance of Appointments
- Daily Health Checks for Staff
- Safe Separation for Patients and Staff
- Masks for Everyone
- Enhanced Cleaning and Disinfection
- Waiting Room Alternatives
- Visitor Restrictions

Schedule your Appointment Today

Your health and safety are our top priority and we encourage you to take the steps now to get the care you need. We follow state guidelines to ensure your appointment is scheduled as quickly as possible based on your health and the type of care needed. Please reach out to our office to schedule an appointment at (978) 922-2226, Option 1 for Beverly and Option 2 for Newburyport.
